How long have you been a resident in Longmont? *	10 years
Current occupation: *	Policy Programs Specialist
Why are you interested in serving as a City Council Member? *	I am interested in serving as a City Council member to learn the best ways to improve my community. I have lived here for 10 years and have recently become active in observing policies that impact Longmont and Boulder County.
Briefly explain what you believe are the two most important issues facing City Council and how do you believe those issues should be addressed? *	
<p>Minimum wage. I know the City of Boulder has recently increased their minimum wage and that the discussion has gone to a city-by-city conversation. I think minimum wage increases will impact each city differently and am interested in collaborating with other cities to learn about impacts.</p> <p>Affordable housing. I think affordable housing is something that impacts not just our city, but our county, and look forward to seeing how council moves forward with promoting more affordable housing for our families and workforce.</p>

To Whom It May Concern:

My name is Devin Edgley, and I am interested in filling the vacant seat for Ward 2. I have been a Longmont resident for the past 10 years. My interest in Policy started as a legislative/administrative aide for House Representative Leslie Herod during the interim session of 2021. In 2022, I began my role as the Policy Programs Specialist at the Boulder Chamber, where I currently research state and local policy on behalf of the Boulder business community.

Working at the Boulder Chamber gives me insight into the needs of the Boulder County community, as well as a learning opportunity about zoning, mandates, and regulations that I might not have been introduced to if I were working in another occupation. I feel that my job will only strengthen my ability to view the perspectives of my community.

I am interested and confident that I can bring valuable perspectives to the Longmont City Council, and that I can learn about the obstacles to overcome and successes the council has already achieved.

Sincerely,

Devin Edgley
