##### **Section 4. Project Funding and Payment Provisions**

- A. The Local Agency has estimated the total cost of the work and is prepared to accept the state funding for the work, as may be evidenced by an appropriate ordinance or resolution duly passed and adopted by the authorized representatives of the Local Agency, which expressly authorizes the Local Agency to enter into this contract and

to complete the work under the project. A copy of any such ordinance or resolution is attached hereto and incorporated herein as **Exhibit B**.

- B. #### **Section 5: State & Local Agency Commitments:**

- A. The Local Agency shall perform the Maintenance Services for the certain State Highway System locations described herein. Such services and locations are detailed in **Exhibit A**.
- B. The Local Agency shall operate and maintain the highway miles as listed on **Exhibit A**. As used herein the term "maintenance services" shall mean only those maintenance services normally performed by the State to comply with its responsibility under §§43-2-102 and 43-2-135, C.R.S., as described in the State's then current "Maintenance Management Information Manual", as amended, which is incorporated herein by this reference. The Local Agency shall obtain a copy of that Manual from the State before it performs any Maintenance Services under this contract. Maintenance Services do not include reconstruction of portions of the highways destroyed by major disasters, fires, floods, or Acts of God. Provided, however, that the Local Agency shall give the State immediate notice of the existence of any such conditions on the Highways.)
  - 1. Maintenance Services to be performed by the Local Agency, at State expense, for the Highways under this contract shall include (without limitation) the following services:
    - a. Removal of snow, sanding and salting.
    - b. Patching, making safe, repairing, spot reconditioning, spot stabilization and spot seal coating, including shoulders, and damage caused by ordinary washouts.
    - c. Painting of bridges, of other structures, and of highway appurtenances.

    - e. Inspecting State Highway signing and regulatory devices on the Highways at least weekly and notifying the State's Regional Transportation Director as soon as the Local Agency has notice of any State Highway signing and regulatory devices in need of repair.
  - 2. Local Agency shall also continue to perform, at its own expense, all activities/duties on the Highways that Local Agency is required to perform by §43-2-135 (1) (a) and (e), C.R.S., as amended, including, but not limited to: cutting weeds and grasses within the State's right of way; fence maintenance; cleaning of roadways, including storm sewer inlets and catch basins; cleaning of ditches; and repairing of drainage structures, excluding storm sewers.
- C. The Local Agency shall perform all Maintenance Services on an annual basis. The Local Agency's performance of such services shall comply with the same standards that are currently used by the State for the State's performance of such services, for similar type highways with similar use, in that year, as determined by the State. The State's Regional Transportation Director, or their representative, shall determine the then current applicable maintenance standards for the Maintenance Services. Any standards/directions provided by the State's representative to the Local Agency concerning the Maintenance Services shall be in writing. The Local Agency shall contact the State Region office and obtain those standards before the Local Agency performs such services.

- D. The Local Agency shall perform the Maintenance Services in a satisfactory manner and in accordance with the terms of this contract. The State reserves the right to determine the proper quantity and quality of the Maintenance Services performed by the Local Agency, as well as the adequacy of such services, under this contract. The State may withhold payment, if necessary, until Local Agency performs the Maintenance Services to the State's satisfaction. The State will notify the Local Agency in writing of any deficiency in the Maintenance Services. The Local Agency shall commence corrective action within 24 hours of receiving actual or constructive notice of such deficiency: a) from the State; b) from its own observation; or c) by any other means. In the event the Local Agency, for any reason, does not or cannot correct the deficiency within 24 hours, the State reserves the right to correct the deficiency and to deduct the actual cost of such work from the subsequent payments to the Local Agency, or to bill the Local Agency for such work.

## **Section 6. Record Keeping**

The Local Agency shall maintain a complete file of all records, documents, communications, and other written materials, which pertain to the costs incurred under this contract. The Local Agency shall maintain such records for a period of three (3) years after the date of termination of this contract or final payment hereunder, whichever is later, or for such further period as may be necessary to resolve any matters which may be pending. The Local Agency shall make such materials available for inspection at all reasonable times and shall permit duly authorized agents and employees of the State and FHWA to inspect the project and to inspect, review and audit the project records.

## **Section 7. Termination Provisions**

This contract may be terminated as follows:

- A. This Contract may be terminated by either party, but only at the end of the State fiscal year (June 30), and only upon written notice thereof sent by registered, prepaid mail and received by the non-terminating party, not later than 30 calendar days before the end of that fiscal year. In that event, the State shall be responsible to pay the Local Agency only for that portion of the highway Maintenance Services actually and satisfactorily performed up to the effective date of that termination, and the Local Agency shall be responsible to provide such services up to that date, and the parties shall have no other obligations or liabilities resulting from that termination.

Notwithstanding subparagraph A above, this contract may also be terminated as follows:

- B. Termination for Convenience. The State may terminate this contract at any time the State determines that the purposes of the distribution of moneys under the contract would no longer be served by completion of the project. The State shall effect such termination by giving written notice of termination to the Local Agency and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination.
- C. Termination for Cause. If, through any cause, the Local Agency shall fail to fulfill, in a timely and proper manner, its obligations under this contract, or if the Local Agency shall violate any of the covenants, agreements, or stipulations of this contract, the State shall thereupon have the right to terminate this contract for cause by giving written notice to the Local Agency of its intent to terminate and at least ten (10) days opportunity to cure the default or show cause why termination is otherwise not appropriate. In the event of termination, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Local Agency under this contract shall, at the option of the State, become its property, and the Local Agency shall be entitled to receive just and equitable compensation for any services and supplies delivered and accepted. The Local Agency shall be obligated to return any payments advanced under the provisions of this contract.

Notwithstanding the above, the Local Agency shall not be relieved of liability to the State for any damages sustained by the State by virtue of any breach of the contract by the Local Agency, and the State may withhold payment to the Local Agency for the purposes of mitigating its damages until such time as the exact amount of damages due to the State from the Local Agency is determined.

If after such termination it is determined, for any reason, that the Local Agency was not in default or that the Local Agency's action/inaction was excusable, such termination shall be treated as a termination for convenience, and the rights and obligations of the parties shall be the same as if the contract had been terminated for convenience, as described herein.

- D. Termination Due to Loss of Funding. The parties hereto expressly recognize that the Local Agency is to be paid, reimbursed, or otherwise compensated with federal and/or State funds which are available to the State for the purposes of contracting for the Project provided for herein, and therefore, the Local Agency expressly understands and agrees that all its rights, demands and claims to compensation arising under this contract are contingent upon availability of such funds to the State. In the event that such funds or any part thereof are not available to the State, the State may immediately terminate or amend this contract.

## **Section 8. Legal Authority**

The Local Agency warrants that it possesses the legal authority to enter into this contract and that it has taken all actions required by its procedures, by-laws, and/or applicable law to exercise that authority, and to lawfully authorize its undersigned signatory to execute this contract and to bind the Local Agency to its terms. The person(s) executing this contract on behalf of the Local Agency warrants that such person(s) has full authorization to execute this contract.

## **Section 9. Representatives and Notice**

Said Region Director will also be responsible for coordinating the State's activities under this contract and will also issue a "Notice to Proceed" to the Local Agency for commencement of the Work. ## **Section 11. Third Party Beneficiaries**

It is expressly understood and agreed that the enforcement of the terms and conditions of this contract and all rights of action relating to such enforcement, shall be strictly reserved to the State and the Local Agency. It is the express intention of the State and the Local Agency that any such person or entity, other than the State or the Local Agency receiving services or benefits under this contract shall be deemed an incidental beneficiary only.

## **Section 12. Governmental Immunity**

The parties understand and agree that liability for claims for injuries to persons or property arising out of negligence of the State of Colorado, its departments, institutions, agencies, boards, officials and employees is controlled and limited by the provisions of § 24-10-101, et seq., C.R.S., as now or hereafter amended and the risk management statutes, §§ 24-30-1501, et seq., C.R.S., as now or hereafter amended.

## **Section 13. Severability**

To the extent that this contract may be executed and performance of the obligations of the parties may be accomplished within the intent of the contract, the terms of this contract are severable, and should any term or provision hereof be declared invalid or become inoperative for any reason, such invalidity or failure shall not affect the validity of any other term or provision hereof.

## **Section 14. Waiver**

The waiver of any breach of a term, provision, or requirement of this contract shall not be construed or deemed as a waiver of any subsequent breach of such term, provision, or requirement, or of any other term, provision or requirement.

## **Section 15. Entire Understanding**

This contract is intended as the complete integration of all understandings between the parties. No prior or contemporaneous addition, deletion, or other amendment hereto shall have any force or effect whatsoever, unless embodied herein by writing. No subsequent novation, renewal, addition, deletion, or other amendment hereto shall have any force or effect unless embodied in a writing executed and approved pursuant to the State Fiscal Rules.

#### **Section 16. Survival of Contract Terms**

Notwithstanding anything herein to the contrary, the parties understand and agree that all terms and conditions of this contract and the exhibits and attachments hereto which may require continued performance, compliance or effect beyond the termination date of the contract shall survive such termination date and shall be enforceable by the State as provided herein in the event of such failure to perform or comply by the Local Agency.

#### **Section 17. Modification and Amendment**

This contract is subject to such modifications as may be required by changes in federal or State law, or their implementing regulations. Any such required modification shall automatically be incorporated into and be part of this contract on the effective date of such change as if fully set forth herein. Except as provided above, no modification of this contract shall be effective unless agreed to in writing by both parties in an amendment to this contract that is properly executed and approved in accordance with applicable law.

##### **A. Amendment**

Either party may suggest renegotiation of the terms of this contract, provided that the contract shall not be subject to renegotiation more often than annually, and that neither party shall be required to renegotiate. If the parties agree to change the provisions of this contract, the renegotiated terms shall not be effective until this Contract is amended/modified accordingly in writing. Provided, however, that the rates will be modified in accordance with applicable cost accounting principles and standards (including sections 24-107-101, et seq., C.R.S. and implementing regulations), and be based on an increase/decrease in the "allowable costs" of performing the Work. Any such proposed renegotiation shall not be effective unless agreed to in writing by both parties in an amendment to this contract that is properly executed and approved by the State Controller or delegatee. Any such rate change will go into effect on the first day of the first month following the amendment execution date.

##### **B. Option Letter**

- a. The State may increase/decrease the quantity of goods/services described in **Exhibit A** at the same unit prices (rates) originally established in the contract. The State may exercise the option by written notice to the Local Agency in a form substantially equivalent to **Exhibit C**.
- b. As a result of increasing/decreasing the locations, the State may also unilaterally increase/decrease the maximum amount payable under this contract based upon the unit prices (rates) originally established in the contract and the schedule of services required, as set by the terms of this contract. The State may exercise the option by providing a fully executed option to the Local Agency, in a form substantially equivalent to **Exhibit C**, immediately upon signature of the State Controller or an authorized delegate. The Option Letter shall not be deemed valid until signed by the State Controller or an authorized delegate. Any such rate change will go into effect on the first day of the first month following the option letter execution date.

##### **C. State Encumbrance Letter**

The State may encumber the funds up to the maximum amount allowed during a given fiscal year by unilateral execution of an encumbrance letter in a form substantially equivalent to **Exhibit D**. The State shall provide a fully executed encumbrance letter to the Local Agency after execution. Delivery/performance of the goods/services shall continue at the same rate and under the same terms as established in the contract.

#### **Section 18. Disputes**

Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract, which is not disposed of by agreement, will be decided by the Chief Engineer of the Department of Transportation. The decision of the Chief Engineer will be final and conclusive unless, within 30 calendar days after the date of receipt of a copy of such written decision, the Local Agency mails or otherwise furnishes to the State a written appeal addressed to the Executive Director of the Department of Transportation. In connection with any appeal proceeding under this clause, the Local Agency shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the Local Agency shall proceed diligently with the performance of the contract in accordance with the Chief Engineer's decision. The decision of the Executive Director or his duly authorized representative for the determination of such appeals will be final and conclusive and serve as final agency action. This dispute clause does not preclude consideration of questions of law in connection with decisions provided for herein. Nothing in this contract, however, shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

## **Section 19. Does not supersede other agreements**

This contract is not intended to supersede or affect in any way any other agreement (if any) that is currently in effect between the State and the Local Agency for other “maintenance services” on State Highway rights-of-way within the jurisdiction of the Local Agency. Also, the Local Agency shall also continue to perform, at its own expense, all such activities/duties (if any) on such State Highway rights-of-ways that the Local Agency is required by applicable law to perform.

## **Section 20. Subcontractors**

The Local Agency may subcontract for any part of the performance required under this contract, subject to the Local Agency first obtaining approval from the State for any particular subcontractor. The State understands that the Local Agency may intend to perform some or all of the services required under this contract through a subcontractor. The Local Agency agrees not to assign rights or delegate duties under this contract [or subcontract any part of the performance required under the contract] without the express, written consent of the State; which shall not be unreasonably withheld. Except as herein otherwise provided, this agreement shall inure to the benefit of and be binding only upon the parties hereto and their respective successors and assigns.

## **Section 21. Statewide Contract Management System**

If the maximum amount payable to Local Agency under this contract is \$100,000 or greater, either on the Effective Date or at any time thereafter, this **§Statewide Contract Management System** applies.

Local Agency agrees to be governed, and to abide, by the provisions of CRS §24-102-205, §24-102-206, §24-103-601, §24-103.5-101 and §24-105-102 concerning the monitoring of Local Agency performance on state contracts and inclusion of contract performance information in a statewide contract management system.

Local Agency’s performance shall be subject to Evaluation and Review in accordance with the terms and conditions of this contract, State law, including CRS §24-103.5-101, and State Fiscal Rules, Policies and Guidance. Evaluation and Review of Local Agency’s performance shall be part of the normal contract administration process and Local Agency’s performance will be systematically recorded in the statewide contract Management System. Areas of Evaluation and Review shall include, but shall not be limited to quality, cost and timeliness. Collection of information relevant to the performance of Local Agency’s obligations under this contract shall be determined by the specific requirements of such obligations and shall include factors tailored to match the requirements of Local Agency’s obligations. Such performance information shall be entered into the statewide Contract Management System at intervals established herein and a final Evaluation, Review and Rating shall be rendered within 30 days of the end of the contract term. Local Agency shall be notified following each performance Evaluation and Review, and shall address or correct any identified problem in a timely manner and maintain work progress.

Should the final performance Evaluation and Review determine that Local Agency demonstrated a gross failure to meet the performance measures established hereunder, the Executive Director of the Colorado Department of Personnel and Administration (Executive Director), upon request by the Department of Transportation, and showing of good cause, may debar Local Agency and prohibit Local Agency from bidding on future contracts. Local Agency may contest the final Evaluation, Review and Rating by: **(a)** filing rebuttal statements, which may result in either removal or correction of the evaluation (CRS §24-105-102(6)), or **(b)** under CRS §24-105-102(6), exercising the debarment protest and appeal rights provided in CRS §§24-109-106, 107, 201 or 202, which may result in the reversal of the debarment and reinstatement of Local Agency, by the Executive Director, upon showing of good cause.
